Much fear is entertained for the safety of the fruit crop in this vicinity. Early peaches, cherries and apples are in bloom and the buds of the later varieties are so well advanced that a hard frost would destroy them.

The prospect is flattering for the planting of a large crop of tobacco the coming season. The high prices realized for last year's crop has encouraged the farmers to greater efforts for the coming season and the acreage will be fully doubled.

The post master general has refused to re-establish the star route from Stanford to McKinney and 1,800 petitioners are doomed to disappointment. This action was taken solely upon the recommendation of an inspector and his advice in reference to star or rural routes is taken regardless of any number of petitioners.

Misses Cora and Edna Lipps have gone to Wise, Va., where they have opened a dress-making establishment. Dr. J. T. Wesley, well and favorably known in this locality and the father of Mrs. Joe B. Williams, is seriously ill of bronchial trouble. His son, Dr. Isaiah Wesley, of Liberty, and Dr. J. G. Carpenter are attending him.

The Junior Society of the C. W. B. M. will give an entertainment at the Christian church Saturday evening at 7 o'clock. Quite an interesting program of music etc., under the supervision of Miss Melle Hopper, will be rendered and the small admission fee charged will be used for mission work. Everybody invited to help the Junior band.

A strong movement is on foot here to organize a new telephone company. A meeting for this purpose was held here Saturday and an agreement was reached to capitalize the company at \$3,000. Several hundred dollars' stock was subscribed and another meeting called for Saturday, to which everybody is invited. The new company will incorporate under the name of "The Home Telephone Co."

Myers' with Mrs. Myers as leader. The fourth meeting will be at the Christian church Sunday afternoon at 3 o'clock, with Mrs. Rufus Lipps as leader.

Milton McCormack has signed a contract to pitch for the Peoria base ball team the coming season and will leave Tuesday for that city to begin work. This club belongs to the "three eye" league and plays in the best cities in Indiana, Iowa and Illinois. In the realm of amateur ball players Milton stands without a peer, he being able to deliver with either hand all the in and out shots, drops and curves used by the profession. He gets a splendid salary for an amateur and barring accidents will land as a "top notch" before many years.

The large and new stock of millinery at "The Emporium," with all the new Easter fads and fashions of the day, were open and ready for inspection on Thursday, March 28th. On account of the rush of business in every line there will be no special opening day, but a continuous opening throughout the entire season of new goods, which are received daily. Our standing orders with the largest importers, who know the demands of an up-to-date trade and cater to its wants, ship us immediately upon arrival, choice selections of the new creations in the predominating shades.

The subject of Rev. Clarence Daniels' sermon for Easter Sunday morning is: "The First Easter Morning." Evening: "Easter Pictures." Service begins promptly at 7:15 p. m. With the morning service there will be a number of impressive musical renditions to which all are invited. Ushers will seat you.

A Few Items to Fox Hunters.

About 17 years ago I decided to engage extensively in sheep husbandry and before the first year had passed I was called on by three valuable and indispensable fox hounds to set up a \$150 South Down supper, for which I never asked and never received a cent. But I did get discouragement enough to desist from raising sheep for about 12 years. Last summer I decided to try sheep raising again and make it my principal branch of stock raising, and bought 300 ewes. During the winter and spring I have been greatly damaged by hounds running through my flocks every few nights, causing ewes heavy with lamb to crowd through gaps, run over steep banks and jumping ditches, causing them to lose their lambs. On one occasion a fine ewe tried to jump a ditch partly filled with hedge brush. She landed in the brush and was dead when found. I have had several rods of wire fence torn loose from the posts and broken and tangled into a shape that was almost irreparable, caused by my cattle being stampeded and running into it. My sheep are in different pastures all over my farm and every few nights I have had the exquisite delight of listening to the enchanting music as the hounds would charge through my worthless sheep, creating consternation and confusion. And about the time the lambs would find their mothers and get settled down only to be again aroused and scared almost to death by the returning monarchs of the truck, and this to be repeated almost all night.

I have learned recently that hounds have been poisoned in my locality and that I am the only man mean enough to be suspected of it. Also that a reward of about \$200 has been offered for the apprehension of the guilty party. Now my dear friends and neighbors, so far as I am concerned you can save your reward money for other purposes. All you have to do is to have manhood enough to ask me and I will try to scrape up courage enough to tell you the truth. I have never tried in any way to harm a hair of any hound for the last 15 years until this, Tuesday morning, March 26, when one of my men told me a hound was chasing my sheep. I went out and shot at him to kill and it was only distance that saved his life. I hope he will not return. My sheep might bite him. I do not know of any fox hunter who would wilfully or maliciously damage me. Nor do I know a fox hunter that I think is mean enough to persist in running through my flocks if he knew of the damage that was being done. I do not intend that any one shall suffer loss simply that I may be amused. And I am beginning to think I have sustained my quota of loss for the amusement of fox hunters. And now in order that peace on earth, good will and true friendship may exist among us all, I ask you kindly not to run your hounds through my premises. Very Respectfully,

A. W. CARPENTER.

How to Remain Young.

To continue young in health and strength, do as Mrs. N. F. Rowan, McDonough, Ga., did. She says: "Three bottles of Electric Bitters cured me of chronic liver and stomach trouble, complicated with such an unhealthy condition of the blood that my skin turned red as flannel. I am now practically 20 years younger than before I took Electric Bitters. I can now do all my work with ease and assist in my husband's store." Guaranteed at Penny's Drug Store. Price, 50c.

The most absorbing question now disturbing the minds of the heads of the family is where is the money to come from for the Easter hats? We have a tip that the prices were never so high nor the quality so poor, says an exchange.

Rheumatic Pains Relieved.

B. F. Crocker, Esq., now 84 years of age, and for 20 years justice of the peace at Martinsville, Iowa, says: "I am terribly afflicted with acute rheumatism in my left arm and right hip. I have used three bottles of Chamberlain's Pain Balm and it did me lots of good." For sale by All Druggists.

The will confirms the statement that the plaster model of the carving remains intact.

The happiest mother in the little town of Ava, Mo., is Mrs. S. Ruppee. THE Census Bureau, which is gathering statistics of divorces in the United States, shows that for the period between 1887 and 1906 no less than 1,400,000 applications for divorce were filed and more than 1,000,000 applications were successful. For the twenty years preceding 1887 the total number of divorces was 328,000. During the first-named period the proportion of divorces was as 35 to each 100,000 of the population, while during the second period it was as 70 to each 100,000. The increase is appalling, and calls loudly for reform. We do not insist that divorce should be granted only for the scripture-reason offered and laws should be uniform to make its abrogation more difficult.

A FLASHY dressed young fellow opened a broker's office in Cincinnati in imposing greatness, and caught suckers by the hundreds. He borrowed money right and left, and one morning this week turned up missing. An examination of his offices disclosed a nickel and two pennies, leaving the dupes to wonder why he didn't get away with that also. Nothing seems to be truer than that a sucker is born every minute, and that fools and their money are soon parted.

THE total production of steel in the United States in 1906 will probably be found to show a gain of more than 3,000,000 tons over the previous year, says the Iron Trade Review. No wonder Carnegie can endow libraries and scatter money to his heart's content. With the tariff protection that he gets he seems bound to be disgraced by dying rich.

LERANON voted "dry" Tuesday by a majority of 63. It was the most exciting election in the memory of the oldest inhabitant but fortunately no fights occurred. Several arrests were made however. After the "drys" were certain of their victory 4,000 men women and children paraded the streets headed by a brass band.

THE commissioner of pensions states that all but 5,000 veterans of the Civil War have applied for pensions. The number is largely in excess of what was imagined. The list looks like every man who had even a remote connection with the army is now enjoying the government's bounty.

IT is rather early in the season for people to die of heat, but nothing seems impossible during this most remarkable spell of warm weather. A man died in Evansville, Indiana, from the effects of the red hot atmosphere.

In Louisville a Negro woman dropped dead at the grave of her mother-in-law. It seems that the people of the Falls City take such troubles harder than they do in this section of the State.

POLITICAL.

W. C. Black, of Barbourville, has withdrawn from the race for Railroad Commissioner.

Judge Cochran has appointed George C. Moore to succeed F. B. Riley as U. S. Commissioner at London.

The Nebraska Senate has passed the House bill prohibiting in the train service, at night, of telegraph operators less than 21 years of age.

Steps toward the establishment of a separate school for Negroes at Berea, in case the supreme court of the United States upholds the Day law, were taken in Lexington.

Senator Foraker has issued a statement at Washington suggesting that a primary election be called to determine the choice of the people to head the National Republican ticket.

The democratic county committee of Boyle met and ratified the action of the Committee in calling a mass convention for April 6th to settle who shall be the nominee of the party for the Legislature.

Representative Scott, of Kansas, just back from a trip to the isthmus, says the men on the canal work think it will be completed within seven years and at a less expense than is now generally estimated.

Secretary Garfield has issued an order for the strict enforcement of the law prohibiting fencing of the public domain. He predicted that hardship and loss will be occasioned, especially to the small stockowner and homemaker by the strict enforcement of the law.

KINGSVILLE.

There was a dance at Cicero Murphy's Monday evening.

M. G. Murphy's house caught fire a few days since but was quickly extinguished.

Among the recent removals made in and about Kingsville we regret that made by John Singleton and family, who have moved to Waynesburg. Squire Singleton was one of our very best citizens and our community gave him up with much regret. Squire Griffin and wife have moved to West Virginia, where their daughters are located.

Mrs. Mary VanArsdall is visiting in Danville. Misses Bessie and Nora Singleton and Cyrus Johnson, of Waynesburg, attended the funeral of Rev. M. A. Middleton. Messrs. R. H. Smith and C. M. Gooch attended the O. R. T. meeting at Somerset Saturday. There were 47 members of the order present and a very pleasant and profitable meeting was held. Revel Gooch, of Somerset, was here this week inspecting ties. Judge Swope and D. C. Allen, of Hustonville, were here last week electing. Mr. W. H. Shanks, of Stanford, was here a few days ago and made a very favorable impression on our people. Mrs. Daisy Walter and sister, Miss Ellie Carey, returned from the city Saturday with a fine line of up-to-date millinery. Their opening took place Wednesday in the old postoffice building, which has been thoroughly renovated and the interior greatly improved with paper and paint and nicely furnished. The opening was well attended. Mr. Slate, of Lexington, is here selling pianos and organs galore. Mrs. Tabitha Davidson is visiting at McKinney. Little Miss Dell Rigney is visiting her sister, Mrs. Lena Butt, at Somerset. Little Mary Walter is ill of throat trouble. Born to the wife of Charles Trusty, a daughter, Roscoe Gooch, of Ludlow, was here Sunday. Mrs. Margaret Camden, of Eubanks, was here last week. She sold her house and lot here to Charles Trusty for \$450. There were a number of other real estate exchanges, viz:

Cicero Murphy sold to Daniel Hester his house and lot here for \$700. Mr. Murphy bought of Winfred Skidmore his farm for \$500. F. M. Dunn sold to Winfred Skidmore a small tract of land for \$225. E. M. Creighton sold to Everett Chevolette a house and small tract of land for \$175. Mr. Hester bought of Major Smith his house and lot in Kingsville for \$500. Mr. Smith bought of John Lucas his house and lot near town for \$700. Wallace Walter bought of Daniel Hester the Cicero Murphy property for \$800. Considerable moving will take place within a short while. Our station agent, R. H. Smith, and wife will occupy the house vacated by W. W. Walter.

JOSHUA SIMPKINS will be the attraction at Walton's Opera House Monday night, next, April 1. It is said to be a well written pastoral play, with an interesting plot, the story being a happy blending of sunshine and shadow. The situations are said to be strikingly realistic with an overflow of fun and amusement. There are seven comedy parts in addition to that of Uncle Josh, which character is a whole show in itself. A sensational novelty is introduced in the third act in the shape of a realistic saw mill scene, in which a monster circular saw is used, and which is said to actually saw through real timber. A fine orchestra is carried by the company, also a fine band of music, which will make a burlesque parade about town.

CHURCH MATTERS.

Rev. L. M. Omer will preach at Huble Sunday afternoon at 2:30 o'clock.

Rev. Eugene Snodgrass, well-known throughout Kentucky as editor and minister, is dead at Lexington.

The Methodist meeting continues to draw large crowds. The Presbyterian church is now being used because of it having a greater seating capacity. There have been a number of professions and much interest is being manifested.

Chamberlain's Cough Remedy is Both Agreeable and Effective.

Chamberlain's Cough Remedy has no superior for coughs, colds and croup, and the fact that it is pleasant to take and contains nothing in any way injurious has made it a favorite with mothers. Mr. W. Children like it and my customers who have used it will not take any other." For sale by All Drug-ists.

Kentucky Squirrel 2623,

Vol. VI, registered saddle stallion, will make the season of 1907 at my farm in Rowland, Ky., at \$10.00 LIVE A LIVE! LIVE! LIVE! Kentucky Squirrel is a combined stallion, 7 years old, a beautiful bay, one white foot and star, full 16 hands high, weighs 1,200 pounds, with his style, action, size and birth that entitles him to the attention of breeders.

Performer.—Sired by Wood Squirrel, 2622, by Black Squirrel, 2621, dam, Nellie Duderar, reg. No. 3066, by VanMeter's King, 739, son of Silver King, by Dan Time, 735, by Stonehill Jackson, 2nd dam by Cabbell's Lexington, F. S., Wood Squirrel's 1st dam was by Gilt Edge, 201, 2nd dam (the dam of Eagle Bird) by Star Eagle, son of Cabbell's Lexington, F. S., 3rd dam by Hurdlet Penmark, 217, Star Eagle being the best son of Cabbell's Lexington, F. S., Dan Mule V. 40, by John's Granger, 2nd dam, the great show mare, Edie, by VanMeter's Waxy, F. S., by Berthum, half brother to the great Lexington.

NOTE.—Kentucky Squirrel, 2623, is probably the best bred saddle stallion in this section of Kentucky. His colts are large and well formed and he impresses his size and high carriage on his get to a remarkable degree. Breeders will do well to look this horse over and note the low service fee before booking their mares elsewhere.

DANDY JIM.

The great jennet Jack, black with white points, 6 years old, 15½ hands high, full brother to Double's World's Fair winner.

PRINCE WOOD.

W. H. DUDERAR, Rowland, Ky.

SHIRTS!

The Shirts for this season are beyond question the prettiest ever turned out. Of course Dark Shirts to a certain extent will always be used.

Blues, Greys and Tans

will be quite popular, but LIGHT COLORS will greatly predominate this time. Plain White Negligee or White with neat narrow black stripe or very small black dot or figure, all with Cuffs attached are the things this time. A pure White Linen, pleated bosom, open front, to fasten with buttons, cuffs attached, is the SMARTEST GARMENT out. Pongees, with Collar and Cuffs attached, in white and cream, will be quite in evidence. These are all furnished in the celebrated

"Fountain" Brand

at prices \$1.00, \$1.50 and \$2.00. They are cut full in body, lay down close at the neck, with any length sleeve from 31 to 35 inches and any size neck from 13-2 to 20 inches. see them in our windows.

LINCOLN county is preparing to send to the next legislature one of the best men that ever represented it in that body—William S. Shanks. Will is a graduate of Centre College and has recently been admitted to the bar in Stanford, where he has taken a prominent place in a very short time. He is a gentleman in every sense that the word implies, a scholar and the making of a fine diplomat and statesman. Elect him, Lincoln you can do no better. He will serve you well. —Danville News.

THE "Joshua Simpkins" company with a fine brass band and splendid orchestra, will be seen at Walton's Opera House Monday night, next, April 1. The play is made of fun and realism, combining the pleasing features of realistic melodrama and the ever popular rural play. The character sketches are said to be very clever, while there is an abundance of good music, singing and dancing in it. Those lovable old country characters are introduced and their sayings and doings create much amusement. The company comes to us recommended as a good one throughout. The saw mill scene in the third act is said to be wonderfully realistic, a genuine circular saw being seen in motion, with Uncle Josh's son lashed to a log by the villains and started toward the glittering teeth of the rapidly revolving saw.

MIDDLEBURG.

The Middleboro Normal College boys defeated the Liberty team in a ball game on the college campus here Saturday.

There is a pretty general feeling here among parents against base ball and it is said that a war will be waged on the game that will mean something.

A protracted meeting will be held at the Baptist church here in the early summer. The pastor will be assisted by Evangelist Cokely, who is said to be an able preacher.

Mrs. Bracher, wife of A. J. Bracher, died at her home at Yosemite Tuesday. She was 65 years old, a member of the Baptist church and a consistent christian woman. Funeral services were conducted Wednesday by her pastor, Rev. W. G. Telford.

Miss Minnie Shannon, of Junction City, is with her cousin, Miss Mattie Estes. Mrs. Ethel Barlow, of Garrard, is with her mother, Mrs. Coleman. Stanley McIntosh has returned from a visit to Indianapolis. W. T. Miller attended the Louisville Exposition last week. Dr. Ed Alcorn, of Hustonville, was here Sunday to see Dr. J. T. Wesley. By the way, Dr. and Mrs. Wesley are some better.

More fun for us. There will be a republican primary May 11 to nominate a candidate for the Legislature. Hon. Ed Pelly has shied his easter in the ring and Samvel Rector will not have a walk-over as he doubtless thought. It will be remembered that Mr. Rector turned a mighty cold shoulder to Mr. Pelly four years ago when he, Pelly, was a candidate for this same place, and now an opportunity has come to even up things. Look out for a hot old time.

Worked Like a Charm.

Mr. D. N. Walker, editor of that splay journal, the Enterprise, Louisa, Va., says: "I ran a nail in my foot last week and at once applied Bucklen's Arnica Salve. No inflammation followed; the salve simply healed the wound." Hoals every sore, burn and skin disease. Guaranteed at Penny's Drug Store, 25c.

Do Not Crowd the Season.

The first warm days of spring bring with them a desire to get out and enjoy the exhilarating air and sunshine. Children that have been housed up all winter are brought out and you wonder where they all came from. The heavy winter clothing is thrown aside and many shed their dannels. Then a cold wave comes and people say that grip is epidemic. Colds at this season are even more dangerous than in mid-winter, as there is much more danger of pneumonia. Take Chamberlain's Cough Remedy, however, and you will have nothing to fear. It always cures, and we have never known a cold to result in pneumonia when it was used. It is pleasant and safe to take. Children like it. For sale by All Druggists.

Given Up to Die.

B. Spiegel, 1201 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." Why not let it help you? G. L. Penny.
